August 2017

We Are All One ...

There's a sign on the parking lot hillside advertising St. Leo's annual culture fest that proclaims in Spanish EN CRISTO SOMOS UNO (In Jesus Christ we are all one). Through song, prayer, music, food, and fun we celebrate and give thanks for our lives as brothers and sisters in God. We are family and there is nothing to divide us. To paraphrase Galatians 3:28: *There is neither African or Hispanic, life-long American or immigrant, male or female; for we are all one in Christ Jesus.*

If you made it to the culture fest, may these photos bring back good memories. If you weren't able to come, look closely, enter into the pictures and imagine yourself there experiencing a taste of what it means to live in unity, joy and love with one another.
